Dear Parents / Carers

As you may be aware, the new General Data Protection Regulation (GDPR) came into force on 25 May 2018.

Put simply, the GDPR is a new data protection regulation that is designed to build upon the current Data Protection Act, update the regulations to be fit for the modern digital age, strengthen and unify the safety and security of all data held within an organisation.

We have refreshed our internal procedures in line with the new legislation and have updated our Privacy Notice which explains how we collect, store and use personal data about pupils and is available on our website.

Our primary focus is still the provision of the best possible safe environment for learning for our students.

Yours sincerely

Mrs H L Meyer
